The proposed rules do not impose any new reporting, record keeping, or other administrative costs on small businesses.

The following figures are based upon the number of applications for licensure and renewal applications received in 2005*.

Applications for licensure	Current application fee	Proposed Application fee	Yearly Revenue	Proposed revenue	Difference
School (2)	\$300	\$300	\$600	\$600	\$0

Shops: Four year license (198 renewed in 2005)	\$40	\$40	\$7,920	\$7,920	\$0

Justification of Requirements or Costs

Pursuant to [IC 25-1-8-2](#), fees shall not be less than are required to pay all of the costs, both direct and indirect, of the operation of the barber board. In 2005, the General Assembly enacted SEA 139 (P.L.194-2005) to give the Indiana Professional Licensing Agency and the boards, commissions, and committees it serves the authority to set fees by rule that had previously been set by statute. The proposed rule changes will not increase or decrease the number of small businesses already affected by the current regulations.

Consideration of Alternative Methods of Achieving the Purpose of the Proposed Rule

Since the rule provides no change in the amount of fees to be assessed to barber schools or barber shops, the consideration of alternate compliance or reporting requirements or other operational standards was not appropriate. There are no new reporting or record keeping requirements for small businesses as a result of the proposed rule.

Explanation of Determination

The Board sought to set fees at the minimum levels needed in order to comply with [IC 25-1-8-2](#).

Supporting Data, Studies, or Analyses

The agency used the following data (from 2004) in determining the fiscal impact of the rule:

The board conducted a comparison of fees assessed in surrounding states. The following states were surveyed: Illinois, Iowa, Michigan, Minnesota, Ohio, and Wisconsin. The current application fee for barber schools in Indiana is \$300. This fee is not being amended. The average application fee in the surveyed states is \$596.33. The current renewal fee for Indiana barber schools is \$300 every two years. This fee is not being amended. The average annual renewal fee in the surveyed states is \$231.33 or \$462.66 every two years. The current application fee for Indiana barber shops is \$40. This fee is not being amended. The average application fee in the states surveyed is \$60.50. The renewal fee for each barber shop is \$40 every four years (\$10 per year). This fee is not being amended. The average yearly renewal fee in the states surveyed

is \$39 or \$156 every four years.
